Great Glen Trails Outdoor Center welcomes you to support the most sought-after mountain bike race in the region: the Big Day Brewing 24 Hours of Great Glen presented by Specialized Bicycles, August 2-3, 2025.

Started with 11 modest teams in 1995, the race steadily grew in popularity and allure, and the race had over 450 riders in 2024. Each year we present a theme for the event, which adds to the overall vibe and playful ruggedness of the event.

In 2025, we dive into adventure drawing on recent advancements in space technology, photos from the James Webb telescope, and with the upcoming solar eclipse grazing our region, we turn our eyes to the sky. We travel to outer space with a celebration of all things 24, including the 24th Anniversary of our title sponsor, Big Day Brewing.

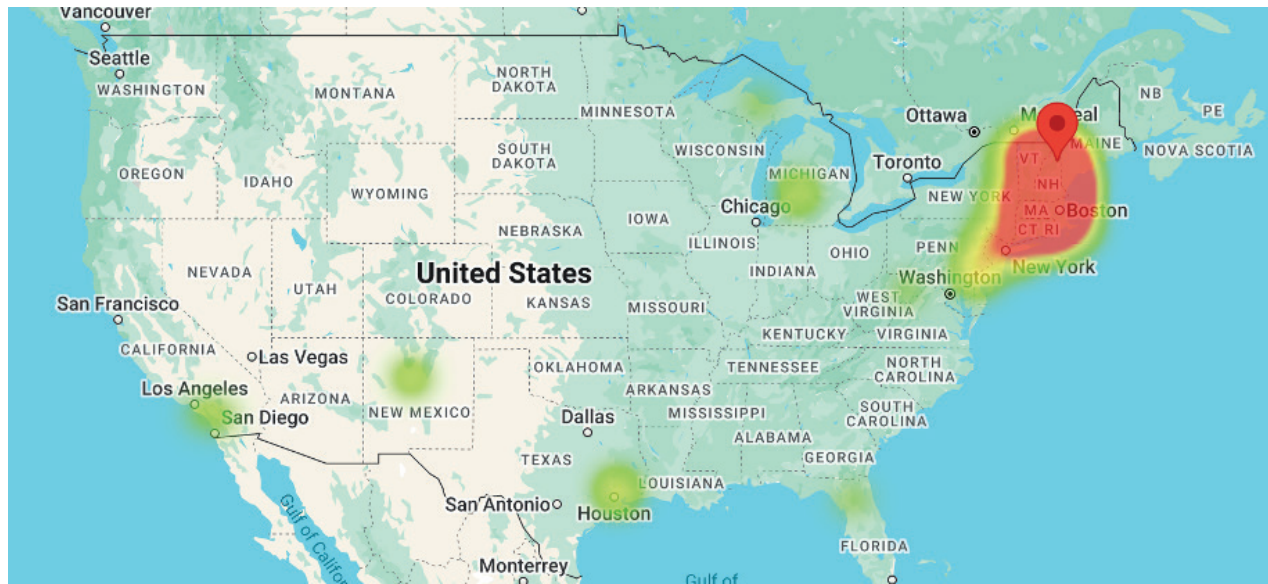

For 24 hours, racers will challenge themselves as either a solo competitor or a team of two, four, or five on the 9-mile course of carriage roads and single track. We will boast a celebration of mountain bike culture with camping and community, live music, kid-friendly contests and games, costumes, and food trucks. Festivities also include the famed 24 Minutes of Great Glen for the kids which had over 80 participants in 2024.

Co-event director Nate Harvey said:

"This event creates so many memories for people, and that's the business we are in here at Great Glen: creating memories. To see riders and volunteers from past 24 hour races return is exciting. Lots of locals and hundreds of weekenders from far, far away kept grabbing me before, during, and after the event thanking Great Glen for the work and opportunity to ride with friends and family at this incredible venue again."

We hope there is a sponsor level that will allow your company to join us for the 2025 event. Please feel free to reach out with ideas and thoughts on how we can work together for unique event.
